PRESIDENT INSISTS ON ACTION ON THE ARMY SELECTIVE DRAFT

(By Associated Press.)

WASHINGTON, D. C., April 18.—Determined efforts to hasten action in Congress on the administration's war army bill with its selective draft provisions were begun yesterday by President Wilson and Secretary Baker. They take the position that further delay will endanger the war plans against Germany.

The president discussed the situation with Chairman Dost of the house military committee and later summoned Representatives Mann and Lenroot, the Republican leaders of the house. Secretary Baker appeared twice before the house military committee, the second time at a night session.

Opposition to the draft principle, particularly among house democrats, was taken up at the cabinet meeting, and afterward it was indicated that the full influence of the administration would be concentrated on

(By Associated Press.)

The president is understood to be divided upon forcing opponents of the general staff's plan on in the open so that the country will have an opportunity of judging whether they are in the right. Arguments of the opponents of selective draft, based on the idea that the new army should be raised through a call for volunteers, are met in official quarters by directing attention to the fact that the present plans of the war department allow for more than 700,000 volunteers, enlisted for the term of the war.

Mr. Mann and Mr. Lenroot assured the president that the Republicans would show no partisan spirit in considering the legislation. The senate committee voted favorably on the selective draft feature and will report the bill with that feature retained. There was no roll call, but

three senators were said to have been opposed to this feature. Two others opposed to the draft were absent.

An opportunity will be given the opponents of the volunteer system to vote on it in committee on an amendment by Senator McKellar authorizing the president to call for 500,000 volunteers. This does not change the language of the bill, nor affect the selective draft feature, but if adopted it would be in addition to the bill as it came from the war department. The Tennessee senator said he was not hopeful the provision would be improved.

About the only change of importance made in the bill by the committee was one which would specifically include persons engaged in agriculture, with those in other industries who are to be exempted from the selective draft.

BOOSTING CROPS ON U. S. LANDS

SECRETARY LANE WILL SEND OUT AN EXPERT TO THE ARID COUNTRY

(By Associated Press.)

WASHINGTON, D. C., April 18.—Creation of a traveling corps of farm labor to work on the irrigation of the country is the outcome of Secretary Lane to further a nationwide food production increase. He wrote to Chairman Taylor, of the house irrigation committee: "We have little more than 700,000 acres within reclamation projects on which water may be placed this season. I hope this can be utilized in a wholesale way by creating an equipped mobile organization of farm labor."

He urged prompt action on the pending bill to stimulate production on private and public lands within irrigation projects.

GERMANS EXULT AT CROP REPORTS

SAY AMERICA CANNOT FEED ITSELF, WITHOUT HELPING THE ENTENTE ALLIES

(By Associated Press.)

AMSTERDAM, Via London, April 18.—The Cologne Gazette commenting on President Wilson's message to the American people says: "Shorn of its swollen phraseology, this appeal is nothing but a cry of distress. President Wilson himself must admit that the war against Germany cannot be won if America is unable to provide herself and her allies with food. That, however, is impossible, as America is facing a crop failure which cannot be averted by President Wilson's little remedies."

"The raids of our submarines therefore gain in importance for every ship they sink shows the difficulty of transporting the small exportable crops to the points where they are most needed."

(By Associated Press.)

BERLIN, April 18.—French attacks in Champagne over a 12-mile front were prevented from piercing Teuton lines by the Germans barring positions in part of the wood between Moronvilles and Aubervilliers, which were wrested from the French divisions which had reached the road during the fighting of April 16th. Twenty-six French armored motor cars were destroyed.

NO DISTURBANCE BY AN ELECTION

LIFE OF PARLIAMENT EXTENDED TO NOVEMBER WITHOUT HOME RULE SETTLEMENT

(By Associated Press.)

LONDON, April 18.—All possibility of the country being disturbed in the near future by a general election was removed last night, when, by a vote of 286 to 52, the house of commons passed on second reading the bill for the extension of the life of the parliament until November. The Nationalists were the chief opponents of the bill on the ground elaborated by John Dillon that no solution of home rule for Ireland had yet been reached.

Andrew Bonar Law, member of the war council, said the government was hopeful that the spirit of war produced in Ulster would create an atmosphere favorable to a settlement now instead of waiting until after the war. He declared there never had been a time when there was so much good will existing on this question and that it was needless to despair of arriving at a solution.

ALL NIGHT LICENSES CANCELLED BY WAR

MAYOR MITCHELL GAINS CONSENT OF HOTEL MEN TO SUSPEND

(By Associated Press.)

NEW YORK, April 17.—Mayor Mitchell announces after a conference with hotel and restaurant managers that all night liquor licenses will be cancelled for the duration of the war beginning May 1.

"While I have no legal authority to limit the hours during which drinks may be served in private clubs," the mayor said, "I am sure the public spirit of club members throughout the city will dictate a voluntary compliance with the policy I have outlined."

Sixty-five licenses are affected, most of them in the district where night workers are most numerous.

SMOOTHING OUT THE ROUGH PLACES

WEST END COMPANY GETS BUSY THIS MORNING IN A MOST EFFECTIVE WAY

The West End forces with a motor truck got busy this morning on Main street regarding the surface by tearing off the rough top dressing and loosening up the small surface stones which cause so much trouble to drivers. The system has been to pick these rocks out by manual labor and the new method is a great saving in time and money, as it does the work better and in shorter time, leaving the top round off and ready for a gravel top dressing. The work is being done by order of the town board.

PLAYED TO FULL HOUSE AT THE BUTLER THEATER

The Theodore Lorich company left this morning for Reno, after presenting "Damaged Goods" last night. The play is of an instructive order that raises the question of the double standard of morals and the terrible consequences of sinning against the moral law. At Reno their engagement has been extended to a period of three weeks.

UNREST MEANS A LONGING FOR EACH

INDEPENDENT EDITOR COMMENTS FREELY ON RECENT LABOR DISTURBANCES

(By Associated Press.)

COPENHAGEN, April 18.—The Vorwarts, the only big Berlin paper venturing to comment editorially on the strike, says the demonstration was based, not only on the food situation and demand for internal reforms, but on a deep longing of the people for peace. The paper says the strike cannot be considered anti-governmental since "the Austrian and German declarations justify the hope that the policy of the central powers is now on the path which will soon lead to peace."

The paper laments that fact that the demonstration will have exactly an opposite effect from that desired, by encouraging Germany's enemies to continue the war and by diminishing the output of munitions by reports of the striking movement outside Berlin.

MEXICAN EMBASSY TO U. S. RECEIVED

RENEWAL OF OLD FRIENDSHIP CONVEYED BY OFFICIAL GREETINGS

(By Associated Press.)

WASHINGTON, D. C., April 18.—Ignacio Bonillas, the first Mexican ambassador received by the United States since the overthrow of Madero, presented autograph credentials letters from General Carranza to President Wilson yesterday and was accepted as diplomatic representative of the de facto government. He was accompanied to the White House by Secretary of State Lansing. Special interest attached to the presentation of the ambassador, because of German machinations in Mexico and the uncertain attitude of the Carranza government towards the war between the United States and Germany. The situation was not referred to by the president or his caller.

In response to the ambassador's announcement that the constitutional order would be restored in his country May 1, and expression of hope "that the most cordial relations will continue to exist between our people and our governments," the president replied in the same strain.

CLEANING STREETS AFTER BIG SNOWSTORM TUESDAY

Credit for cleaning the principal streets leading off Main street is due to Ed Cullinan, electrician of the Belmont, who started out with his auto and an improvised snow-plow and broke a way through the drifts up Brougher avenue almost to the Knights of Columbus hall, where he had to desist owing to the steep grade being too much for his machine. Then he treated Bryan avenue the same way, going as far as the old and new high schools and clearing a path for the entire school population of Tonopah. The Bonanza, on behalf of the citizens, thanks Mr. Cullinan for his good act.

SLAV AMBASSADOR QUILTS HIS POST

ACTION UNPRECEDENTED IN THE HISTORY OF WASHINGTON DIPLOMACY

(By Associated Press.)

WASHINGTON, D. C., April 18.—George Bakhmetoff, Russian ambassador to the United States since 1911, cabled the provisional government at Petrograd today that he had decided to relinquish his office, and asked that some one be named to take charge of the embassy.

Distinctly a member of the old imperial regime, the ambassador's separation from the new democratic government has been a foregone conclusion. Only today it became known that Baron Rosen, Mr. Bakhmetoff's predecessor here, will be sent to succeed him, if he actually is not already en route to Washington.

So far as known, this action of an ambassador in declining to continue in his office is unprecedented in the history of diplomatic Washington.

ENLISTMENTS EQUAL BEST EXPECTATIONS

MEN ENROLLING IN THE ARMY AT THE RATE OF A REGIMENT A DAY

(By Associated Press.)

WASHINGTON, D. C., April 17.—Recruiting figures for the regular army made public by the war department today show that more than enough men to form a regiment are being obtained daily. For the five-day period, April 11 to 15, a total of 7,171 men were recruited, a daily average of 1434. Enlistments in the navy Saturday and Monday totaled 1635 men, bringing the combatant force of that service up to 71,696 men.

The total operating revenue was \$8,270,262, or 25 per cent better than 1915.

ANTI-INJUNCTION BILL PASSES IN CALIFORNIA

(By Associated Press.)

SACRAMENTO, Cal., April 18.—The senate passed the Flaherty anti-injunction bill by 21 to 14. This limits the powers of courts in the issuance of injunctions in labor disputes, and is the most important labor fight before the legislature.

AMUSEMENTS

BUTLER THEATER

The attraction at the Butler this evening will be the Fox De Luxe production entitled "The Darling of Paris," taken from Victor Hugo's novel "The Hunchback of Notre Dame," and featuring the popular screen star Theda Bara, who impersonates the beautiful kypsy girl, Esmeralda, the most delightful character in French literature. It is a play of profound human interest, dramatic in action and of intense force. This is the first of the De Luxe series in which Miss Bara has appeared and is unquestionably the finest production in which Miss Bara has ever been seen. The part taken by Miss Bara in this production is that of a gypsy girl who, with her mother, arrive in Paris. The girl is young and beautiful. The Apaches, better known as leaders of the underworld, know the girl's value for financial purposes, if they can possess her. She is kidnapped and taken to the slums of Paris, and there taught the rules of how to become a criminal, but is protected by the bell ringer of Notre Dame, and in the end the man who would bring about her ruin is thrown from the belfry by the bell ringer, finishing in a thrilling climax. The preliminary reel is a Paramount comedy entitled "The Honeyless Honeycomb." Tomorrow, a Vitaphone Blue Ribbon feature entitled "Blind Justice," and Hearst Pathe News.

Sarah Bernhardt in "Jeanne Dore," a five-reel Bluebird production, the drama in which she made her last stage appearance. Wonderful as she is in her art, Sarah Bernhardt is equally wonderful in her physical vigor and combative powers. Only a few weeks after her visit to a French surgeon (coming away minus one of her lower limbs) Bernhardt camera-acted "Jeanne Dore," the play she was presenting when the operation became imperative. Fearful that she might never be able to return to the stage Bernhardt determined that the record of her last play should be made imperishable in moving pictures. She arranged with Bluebird Photoplays, Inc., to distribute the films of "Jeanne Dore," and through the enterprise of the Liberty Theater these films will be shown greatly to the edification of local theater-goers. Bernhardt, mistress of the pantomime art, is seen at her best when the camera magnifies and intensifies her emotions in the gripping scenes of "Jeanne Dore."

Tomorrow: Dorothy Phillips and Lon Chaney in "The Price of Silence." Ham and Bud comedy.
